Dear Mr Burton

Re: Capital Scheme Reference

Further to your request for a reference, I confirm that your company undertook for us a major capital scheme totalling in excess of £4m at Kings High School, Warwick. This scheme involved both new build and major upgrade of existing facilities to create a new Creative Arts Centre for the school.

The work needed to be undertaken whilst the school continued to function within the existing footprint, creating the potential for many problems. Your company performed at a very high standard, delivering the work programme on time, within budget. The relationship with the school staff was managed impeccably by you. Throughout, your workman's standards of behaviour were excellent and on all occasions considerable attention was paid to maintaining effective communication with the school.

Running such a major contract concurrently with normal school activities also meant there were considerable Health and Safety implications. The attention you gave to health and safety issues was of the highest possible standard.

More recently, in dealing with routine snagging, your company has, once again, responded promptly, competently and efficiently. We would be very pleased to recommend AC Lloyds to any potential customer.

With every good wish,

Yours sincerely

R D James
Foundation Secretary
