Dear Mr Burton,

As the building of the new sixth-form block; dance studio; amphitheatre; et cetera, comes to a close I'd like to thank you for what has been an excellent project with a magnificent outcome. The quality of the build is superb and the relationship between your firm and my staff and myself has been exemplary.

We are already beginning to see the positive and motivating effects that the new spaces are having on the students and I fully expect to see that continue.

You have created a teaching and learning environment which the young people can feel excited and proud about working in and I have already had a flood of compliments from staff, parents and pupils alike.

If you ever wish to show the buildings and areas as an example of the high quality of your work, then we would be delighted to arrange that.

Thank you, once again.

Yours Sincerely,

David Williams  
Head teacher
